

## Tschlin

Tschlin is a small mountain village situated in a beautiful place where the view is wonderful. The right place to go hiking, make cross country skiing or backcountry skiing and you can also take the sledge and have fun.

Our small house of vacations with a sunned garden is to your full disposition. The house is situated in the margin of the village and has been renewed in year 1988. The house has a shape of tower with 18m<sup>2</sup> of surface so there are 4 floors. In the first one you find the lumber room where is accessible from the outside. At the second floor you find the main entrance and there is a small bedroom and the restroom. On the third floor is the kitchen with a table and chairs and two armchairs. In the last floor you find the bedroom with two beds and one other bed that can be added. To your disposition there are, one TV, a wash machine, a beach-umbrella, a Gill and two sledges. On the terrace and in the garden it is allowed to smoke.

The village of Tschlin has two alimentary stores and good coincidences with the buses.
